

Entries will not be accepted by the racing secretary unless all required information is supplied. If papers are not in Racing Office at time of entry, please have available when entering for exact information and spelling. This includes complete and exact works and past performances if not run in Idaho Fair Circuit. No horse will be allowed to start in any race unless all owners and trainers are properly licensed.

Race results will not be released by telephone or overnight until the draw has been compiled and checked by the racing secretary.

Horses placed on the vet's list will remain until removed by the State Vet.

Any horse that has not started around the turn must have an official work recorded by a recognized official.

No entry will be received except upon the conditions that all disputes, claims and objections arising out of the race or respect to the interpretation of the conditions of any race shall be decided by the Board of Stewards, and their decision upon all matters shall be final.

Should an Idaho bred race not be filled by 9:30 a.m. it will then be open with Idaho bred preferred.

No changes will be made on any race before 9:30 a.m. on any entry day. Any substitute race or extra will be used at the discretion of the racing secretary.

The racing office staff will provide every facility for checking allowances and eligibility. Owners and trainers are reminded that the responsibility in these matters is theirs and not that of the racing office.
